NGOs like Youth for Sustainability and Clean Beach India. This drive was aimed to inform the people on the impact of human actions on the ocean. Local communities and students participated in this programme (**Plate 2 & 3**).

4. Sri Sri University in association with Manav Rachna International Institute of Research and Studies has successfully coordinated "National Environment Youth Parliament (2022)" (organized by Prayavaran Sanrakshan Gatividhi). Sri Sri University was Regional (Region – Zone IX) host of the event (**Plate 4**).

Sri Sri University has identified some state and national level NGOs working in the area of environment. The NGOs are well connected to the local communities and are involved in various activities. Sri Sri University has developed a network with these NGOs and conduct various environmental activities like environmental awareness, plantation drive, water conservation, waste management, etc.

Sri Sri University is one of the constituents of the 'The Art of Living' and is associated with different constituents of 'The Art of Living'. Many constituents of 'The Art of Living' have been working in the area of environment, especially River Rejuvenation Programme'. In the water conservation drive, Sri Sri University has a knowledge sharing relation with such organization.
