As seen during the COVID-19 spike last year, more and more celebrities have been stepping forward and helping the affected persons. If the help revolved around the supply of essentials like foodgrains last time, this time it is the need for hospital beds, oxygen and medicines that has made the situation extremely challenging. Amid the crisis, Sri Sri University has set up a facility for COVID-19 patients.

Sri Sri University sets up COVID-19 facility

Sri Sri Ravi Shankar made the announcement on Twitter, along with pictures of the team of healthcare workers dressed in personal protective equipment kits at the university in Cuttack. The spiritual guru shared that it was a 100-bed facility that was equipped with all 'necessary requirements' to treat COVID-19 patients.
