

Learn Lead Serve

SRI SRI UNIVERSITY

## From the Editor's Desk

Dear Readers

As the whole world was rejoicing the start of the New Year 2020 under the shadow of COVID-19, a deadly virus that had almost began threatening all the major countries of the world, bringing them to a grinding halt, we, at SSU, were full of enthusiasm, and had geared up to host a variety of events.

Starting with Orion 2020 which saw a massive participation by students from different institutions located across the country, SSU went on to host all its events with enormous zeal - be it the Painting Symposium, the Oratory Contest or Guest Lectures, everything happened as vibrantly as it could in a campus like ours.

In these difficult times, SSU was graced by a surprise visit by Poojya Gurudev Sri Sri Ravishankar Ji which filled everyone with loads of positive energy. Soon after, when the first lockdown was announced, SSU took the lead in switching to online teaching and examination. As a matter of fact, the classes went on unhindered, leading to a successful completion of the courses on time. Even the examinations were conducted online for all the subjects, setting a record of sorts.

With the same spirit, many young members of the SSU family came forward and took up the challenge of rolling out this issue of SSU Insight despite all odds. This truly is the manifestation of the ability to Learn, Lead and Serve in them.

We hope that this issue of Insight will be equally engaging as all the previous ones.

Happy Reading!

Rakesh Tripathi  
Editor
