

BIRDING CLUB

MENTORS:

Mr. Shakti Nanda, Ms. Rupal Shah

VISION:

Nature has a lot to offer which we don't recognize in our daily routine. There are such small little beautiful creations around us when observed keenly we realize the hidden treasures of nature. Birds are one amongst those beautiful pieces of creation. Sri Sri University attracts a variety of birds for eg. Magpie, Indian roller, dotted owls etc. Vision of this club is to bring awareness amongst students to recognize & value our environment, nature and in turn spread awareness, nurture & care for the same.

MISSION:

- To train students to observe nature and other things around our environment and in turn become sensitive towards our environment.
- To train students to observe different varieties of birds in and around SSU
- To study different types of bird species and identify them
- Documenting the types of birds that SSU attracts.

ACTIVITY CALENDAR (2018 – 19)
