

# Faculty of Agriculture

## Farmers' Club

Population of 195.9 million people in India are undernourished which is 20% of people in world. In the current scenario, investments in agriculture is the prudent approach to sustain the rural livelihood systems. Agriculture should be our wisest pursuit and vocation that supports and contribute most to the real wealth, good morals and happiness of society.

Farmers' Club has interest in organizing activities that benefit the students at large in the campus. Moreover, it also provides platform to students to express freely ideas and execute them under farmers' club to educate and spread awareness on agriculture.

### **Vision**

To promote rational education on agriculture in an informal environment, spread awareness on technology and promote out-reach programs.

### **Mission**

Farmers' Club has core mission of interdisciplinary activities to promote agriculture as vocation through several well-planned program on a specific topic to provide exposure and hands on training to students and also benefit various stakeholders at large.

Farmers' Club has mission to promote wide spectrum of activities considering the opportunity and applicability, wherever. Few of the activities the club would consider are listed below

1. Educate students, teachers and staffs on natural agricultural systems.
2. Create awareness on sustaining the natural resources of agriculture through seminar and thematic forums.
3. Engage various stakeholders in farming practices on campus and practice strategic stewardship.
4. Educate and help farmers on farming activities, around our campus, wherever applicable.
5. Imbibe leadership qualities and communication skills among the student communities.
6. Promote development of green corridors on the campus through frequent planting campaign.
7. Spread awareness on terrace farming, revival of kitchen garden and preservation of traditional crop varieties and culturally important food habits of agricultural families.
8. Conduct periodical events and competitions (literary, dramatic, artistic) for students and teachers on topics relevant to agriculture.
9. Creating awareness among students on agri-start-up and agricultural consultancy.
10. Promotion of agriculture club activities on social media (Instagram, Twitter and Facebook).

**Budget:** Rs. 5000 to 25,000 per event. The budget break-up will be provided before organizing the event.
