## SDG12: RESPONSIBLE CONSUMPTION AND PRODUCTION

### 12.2.8 Minimization Policies Extended to Suppliers:

**Xn ERP Software**

SSU deployed 3<sup>rd</sup> party developed Purchase and Kitchen Management software. This application is client based. Which helps starting from Raw materials procurement, stores management, Food Menu and automated raw materials required, store's inventory management and production and vendor management system.

Xn ERP Software has Core features like Inventory, Stock, Order Management and below is the screenshot of each core activities:

Item	Stock	Order	...
...	...	...	...
...	...	...	...

Description:

1. The Entire communication of the supply chain mainly happens through the in-house developed purchase/procurement software. This results in minimal use of paper or any other disposable item.
