SDG15: LIFE ON LAND

Description:

1. With the goal of safeguarding the natural environment, various events were arranged, and among them, Sri Sri University actively participated. One such event was an Elocution competition held on 25th November, 2022, on the occasion of World Soil Day. This competition was organized by the Farmer's club in collaboration with the Department of Soil Science and Agricultural Chemistry, Sri Sri University (**Plate 1**).
2. Sri Sri University, in collaboration with the International Rice Research Institute (IRRI), organized a 3-day workshop (1st December to 3rd December, 2023) titled 'Know Your Soil.' Distinguished experts from both IRRI and Sri Sri University delivered insightful lectures during the workshop. The event also included a soil judging competition, in which students from Sri Sri University and other institutions actively participated (**Plate 2**).
3. The 8th Annual Sustainable Summit took place on February 1, 2023, at XIM University, attracting students from Sri Sri University's Environmental Science program, accompanied by their faculty members. The summit's primary objective was to raise awareness about environmental sustainability, emphasizing biodiversity and its utmost importance in the current global scenario (**Plate 3**).
4. At Sri Sri University, World Environment Day is celebrated with great enthusiasm. This year, plantation drives were organized on the campus and shared ecosystems, promoting the theme of 'Beat Plastic Pollution' on 5th June. Students from Sri Sri University and villagers from neighboring areas actively participated in the event, which commences with a campus plantation drive and the donation of plants to the villagers (**Plate 4**).
