Description:

Under the Faculty of Agriculture , Sri Sri University offers courses related to agriculture as well as related subjects. The B.Sc. (Hons.) Agriculture, B.Sc. (Hons.) Horticulture, B.Sc. (Hons.) Agribusiness, and B. Sc. (Hons.) Food Nutrition and Dietetics are the four B.Sc. programmes offered by this faculty (**Plate 1**). All of these programmes consist of four years of intensely professional coursework with the goal of developing skills. These four programmers have some connection to agriculture and related fields, both directly and indirectly. There aren't any specialised aquaculture courses offered by the University at the moment. However, only a small number of courses linked to aquaculture are given in several B.Sc. programme curriculums (such as the B.Sc., (Hons.) Agribusiness programme), and students are exposed to aquaculture as well.
