An eye-opening session. Feel my confidence elated and now able to break the patterns which held me back on the professional front.

Do you know?

- Men Hold 62% of Manager Positions to Women's 38% (and it Gets Worse Higher Up)
- In 2019, women made up 48% of entry-level employees, but only 38% of managers, 34% of senior managers or directors, 29% of VPs, 23% of SVPs, and just 22% of C-suite executives
- For every 100 men promoted to manager-level roles, only 79 women moved up into similar roles.

The 'Breakthrough Leadership for Women' was a wonderful experience ! For me, it feels as if this workshop had come to me, at just the right time ! I could so well relate to each of the syndrome/challenge discussed and implementing the strategies and self-realization has been fruitful for me. I am now making small breakthroughs towards my goal, and have a positive mindset. Dr Rajita's lucid explanation and interaction with all of us, throughout and even after the workshop, was the cherry on the cake ! Many thanks.

I had the opportunity to attend the breakthrough leadership for women by Rajita Kulkarni in July-August 2021. The program helped me understand the challenges women face at the workplace, hindrances at career, and connect with many women who shared similar experiences. I highly recommend the workshop for its unique techniques, breakthroughs, self-analysis tests, and tricks to move ahead in the ladder of success. The workshop helped me to be more assertive, confident, following which I developed a micro habit of report writing and news analysis on TV. It substantially improved my self-image at my workplace. Ms. Rajita's life examples, brainstorming question sessions and polling helped me understand concepts of upskilling, Hedging, superwoman syndrome, etc. Want to convert pandemic into personal success, join BLW !!

My private life and professional relationships become more refined and broaden my perspectives thanks to insights I've got from that knowledge. I am grateful I gave myself the chance to attain the Rajita Kulkarni program. I recommend it to every woman."
